Smart Control

- Compact and feature-rich
- USB connectivity to SmartSoft on PC
- LCD-based Menu displays
- MIDI / DMX In and Out
- Colour-coded backlit elastomer buttons
- Two Scene Preset, Memory and Back Up modes

SmartFade® Control Desks

SmartFade control desks provide simple controls for conventional lighting rigs. With feature-rich Normal mode, completely manual Two-Scene mode and the convenience of DMX Backup mode, SmartFade can be found in venues from light labs to broadcast studios. With MIDI connectivity, connect multiple SmartFade consoles, or connect to a SmartFade ML console for expanded playback options.

NOTE: Dust cover and SD (Secure Digital) Memory Card are not included with SmartFade desks. As of version 3.0.1 software, any standard SD or SDHC card can be used for show storage, such as those used with mobile phones or digital cameras. Only standard SD cards may be used to update software (not SDHC cards).

Part #	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price
7219A1001	SmartFade 1248 Control Desk w. external psu	5.5	559x356x203	€ 935.00
7219A1296	SmartFade 1296 Control Desk w. external psu	5.5	559x356x203	€ 1,150.00
7219A1002	SmartFade 2496 Control Desk w. external psu	7.7	762x356x203	€ 1,235.00

SmartFade 1296 is perfect for TV studios, small control rooms, and industrial events that need small size and lots of channels.

CAUTION: Using 4-channel pages is not for everyone and keeping track of "what channel is where" requires clever use of write on strips! The 1296 is best suited for advanced users with specific needs for higher channel counts.

SmartFade® ML Control Desk

SmartFade ML brings moving light control to the Smart Solutions family of products. Built on the strong foundation of SmartFade, the SmartFade ML offers professional moving light controls at a smart price. SmartFade ML can control up to 48 intensity channels on faders and an additional 24 moving lights or DMX-controlled devices like scrollers. With the innovative use of RGB LEDs behind the device select keys, SmartFade ML can display feedback about the state of the console and the colour mix of CMY fixtures without the need for an external monitor.

- 48 Intensity channels + 24 moving lights
- 2 Full universes of DMX512 output
- Built-in effects
- MIDI In and Out
- Colour-coded & colour-mixing backlit buttons
- Focus, colour and beam palettes; parameter fan & align

NOTE: Dust cover and SD (Secure Digital) Memory Card are NOT included with SmartFade desks. As of version 3.0.1 software, any standard SD or SDHC card can be used for show storage, such as those used with mobile phones or digital cameras. Only standard SD cards may be used to update software (not SDHC cards).

Part #	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price
7219A1401	SmartFade ML, 48 Channel + 24ML Control Desk with external psu	7.7	762x356x203	€ 2,200.00

SmartFade Accessories

Part #	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price

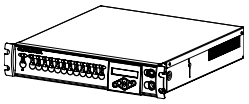
SmartPack Portable Packs



SmartPack® CE

- Robust dimming in a compact package
- Terminal lug for power input
- Backlit LCD with phosphorescent keypad
- 32 programmable presets and a sequencer for stand-alone operation
- SmartLink enabled for station and pack to pack synchronisation
- Use with optional Link Power Supply (S-LPS) to power up to four SmartLink stations
- DMX512 input and thru connections
- Multi-language (English, French, German and Spanish)

SmartPack - 3 x 5kW and 6 X 3.2kW Portable Packs

- 19" 2U for rackmount
- Ships without main supply cable
- Prepared for SmartLink (except 3 x 5kW packs)

Part #	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price
3 x 5kW Neutral Disconnect				
7020A1106-TM	SmartPack 3 x 5kW, ND, hard wired w. Terminals	18.5	210x550x640	€ 1,650.00
7020A1106-H	SmartPack 3 x 5kW, ND, Harting (1)*	18.5	210x550x640	€ 1,650.00
7020A1106-CF	SmartPack 3 x 5kW, SP, CEE 32A (3)	18.5	210x550x640	€ 1,65000

NOTE: *The Harting HAN 6HSB 35A female cable connector is included in shipping. 3 x 5kW Portable Packs do not support SmartLink.

6 x 3.2kW Single Pole				
7020A1102-TM	SmartPack 6 x 3.2kW, SP, hard wired w. Terminals	18.5	210x550x640	€ 1,570.00

Options

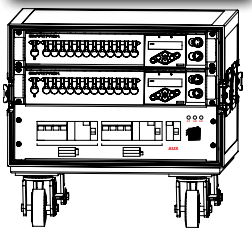
Part #	Description	List Price
7020A2013	SmartPack Rear Mount Rack Kit (Set of 2)	€ 19.50

SmartPack Touring Rack

- Small, compact design built to travel
- Versatile control via DMX-512A
- CEE 63A 3PNE Mains supply
- Output options based on chosen packs
- Built-in mains distribution with breakers and RCD protection
- 2-pack design with choice of output panels
- Includes 230 VAC convenience outlets
- ¾ length rack slides for easy pack service/removal
- 19" Compact rack

Part Number	Description	List Price
7022A1000	SmartPack 24 Touring Rack*	€ 2,110.00
	*SmartPack portable packs are NOT included. Choose your own mix of 2 SmartPack portable packs to go with the touring rack.	
7022A1000-L	Optional charge for installing Packs of choice	€ 197.00
	Includes labour and parts.	

SmartPack Touring Rack



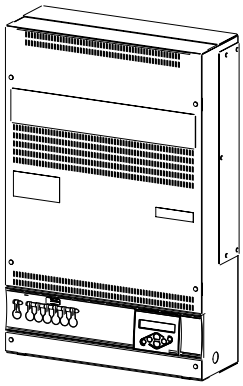
SmartPack Wall Mount Units

- Robust dimming in a compact cabinet
- DMX512 input and thru connections
- Terminals for power input, load cabling and DMX
- Backlit LCD with phosphorescent keypad
- Multi-language (English, French, German and Spanish)
- 32 programmable presets and a sequencer for stand-alone operation
- SmartLink enabled for station and pack to pack synchronisation (reference SmartLink on page 4 for details).
- Use with LinkPower Supply Kit (7021K1010) to power up to four SmartLink stations

Part #	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price
6 x 4.6kW SP and ND				
7021A1110	SmartPack Wall Mount 3 x 5kW, Neutral Disconnect	25.3	770x530x260	€ 1,750.00
6 x 4.6kW SP and ND				
7021A1108	SmartPack Wall Mount 6 x 4.6kW, Single Pole	25.3	770x530x260	€ 1,590.00
7021A1109	SmartPack Wall Mount 6 x 4.6kW, Neutral Disconnect			€ 1,690.00
6 x 3.2kW SP and ND				
7021A1106	SmartPack Wall Mount 6 x 3.2kW, Single Pole	25.3	770x530x260	€ 1,590.00
7021A1107	SmartPack Wall Mount 6 x 3.2kW, Neutral Disconnect			€ 1,690.00
12 x 2.3kW SP and ND				
7021A1103	SmartPack Wall Mount 12 x 2.3kW, Single Pole	25.3	770x530x260	€ 1,865.00
7021A1105	SmartPack Wall Mount 12 x 2.3kW, Neutral Disconnect			€ 1,995.00
7021A1111	SmartPack Wall Mount 12 x 2.3KW, Single Pole ThruPower Swtich Version			PoA
7021A1112	SmartPack Wall Mount 12 x 2.3kW, Neutral Disconnect ThruPower Switch Version			PoA
6 x 3.2kW SP and ND - LinkPower PSU installed				
7021A1106-LPS	SmartPack Wall Mount 6 x 3.2kW, Single Pole	25.3	770x530x260	€ 1,700.00
7021A1107-LPS	SmartPack Wall Mount 6 x 3.2kW, Neutral Disconnect			€ 1,840.00
12 x 2.3kW SP and ND - LinkPower PSU installed				
7021A1103-LPS	SmartPack Wall Mount 12 x 2.3kW, Single Pole*	25.3	770x530x260	€ 1,995.00
7021A1105-LPS	SmartPack Wall Mount 12 x 2.3kW, Neutral Disconnect			€ 2,100.00

*SmartPack Wall Mount 12 x 2.3kW, SP and ND ThruPower Relay, and Relay Racks available upon request. Contact ETC for quotation

SmartPack Wall Mount



Optional Kits

Part #	Description	List Price
7021A3108	Wall Mount Frame (for easy install of dimmer cabinet)	€ 40.00
7021K1000	19" Rack Mount Kit	€ 40.00
7021K1001	Input Power Terminals Kit	€ 65.00
7021K1004	RCD Kit	€ 190.00
7021K1008	RCD / 40A Mains Breaker Kit	€ 250.00

SmartLink

SmartLink™

- Provides low cost, remote control of the built-in presets and sequencer found in SmartLink enabled products
- Simple, Plug-in and Play-back control
- Up to four 5 button or 10 button stations may be used on one SmartLink network
- Easy to install SmartLink network - 2-wire, topology free, polarity independent
- Stations available in white, black, grey, ivory and signal white (RAL 9010), with engraved legends

NOTE: Custom legends are available (contact ETC for assistance).

SmartLink Power Supplies

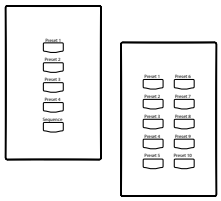
SmartLink Power Supplies

Part Number	Description	List Price
7024K1100	19" 1U SmartLink PSU (option for rack mount portable units)	€ 230.00
7021K1010	Link Power Supply Kit (option for wall mount units)	€ 125.00

NOTE: Both PSU items supplies power for maximum of 4 SmartLink wall stations.

SmartLink Wall Stations

SmartLink Wall Stations



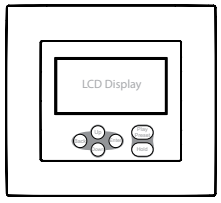
Part Number	Description	List Price
7124A1002-****	SmartLink 5-button station (Preset Legend)	€ 160.00
7124A1002-****	SmartLink 5-button station (Sequence Legend)	€ 160.00
7124A1004-****	SmartLink 10-button station (Preset Legend)	€ 199.00
7124A1004-****	SmartLink 10-button station (Sequence Legend)	€ 199.00

NOTE: The suffix (****) for SmartLink Station part numbers is comprised of station faceplate color, preset and sequence legends. Reference the SmartLink data sheet for specifications http://www.etcconnect.com/product.downloads.aspx?ID=21303.

PSD1003	Back Box, Flush Mount, 1 gang	€ 18.00
7081A2004-1	Back Box, Surface Mount, 1 gang	€ 34.00

Astronomical Timeclock

SmartLink Astronomical Timeclock

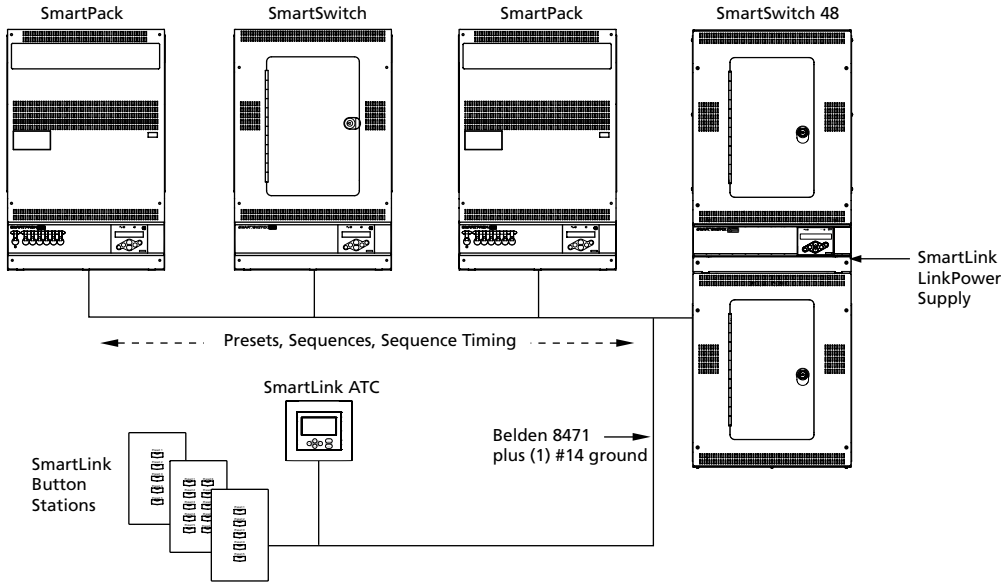


- Provides low cost, easy to use, timed event recall of programmed presets and sequence.

Part Number	Description	List Price
7124A1000-****	SmartLink Astronomical Timeclock	€ 430.00

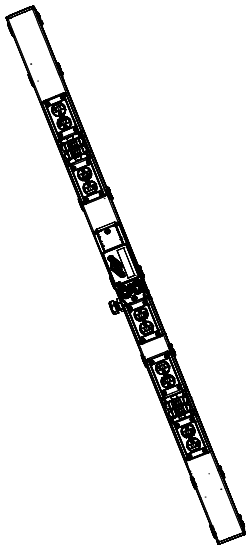
NOTE: The suffix (****) for SmartLink Station part numbers is comprised of station faceplate colour, preset and sequence legends. Reference the SmartLink data sheet for specifications http://www.etcconnect.com/product.downloads.aspx?ID=21303.

PSD1004	Back Box, Flush Mount, 2 gang	€ 35.00
7081A2004-2	Back Box, Surface Mount, 2 gang	€ 35.00



SmartBar 2™ CE

SmartBar 2



- Distributed dimming for position flexibility
- RDM discover and addressing
- Choice of output connectors
- 4 x 2.3kW 150cm and 6 x 2.3kW 220cm option
- 2.3kW breaker output protection per dimmer
- Linear bar with integrated fast focus suspension points for luminaires and spigot/hook clamps
- DMX 512A/RDM with input and throuh connectors
- Main power via a flexible cable (16A)
- Auxilliary power outlet
- Built in chases
- Local control

4 x 2.3kW, Single Phase (PNE), 16A, 230V Bar 150cm

Part #	Description	Ship Weight (kgs)	Ship Dimensions (mm)	List Price
7543A1141-CF	SmartBar 2 CE, 4 x 2.3kW, CEE Single 16A connectors 4m power cable with flying leads	7.7	152x203x1651	€ 940.00
7543A1141-SC	SmartBar 2 CE, 4 x 2.3kW, Dual Schuko connectors 4m power cable with flying leads	7.7	152x203x1651	€ 890.00
7543A1141-NF	SmartBar 2 CE, 4 x 2.3kW, Dual NF connectors 4m power cable with flying leads	7.7	152x203x1651	€ 890.00
7543A1141-UK	SmartBar 2 CE, 4 x 2.3kW, Single UK 15A connectors 4m power cable with flying leads	7.7	152x203x1651	€ 950.00

6 x 2.3kW 3 Phase (3PNE) , 32A, 230V Bar 220cm

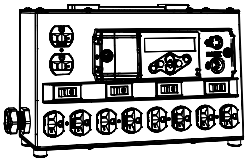
Part #	Description	Ship Weight (kgs)	Ship Dimensions (mm)	List Price
7543A1163-CF	SmartBar 2 CE, 6 x 2.3kW, Dual CEE 16A connectors 3m power cable with flying leads	13.6	152x203x2438	€ 1,240.00
7543A1163-SC	SmartBar 2 CE, 6 x 2.3kW, Dual Schuko connectors 3m power cable with flying leads	13.6	152x203x2438	€ 1,180.00
7543A1163-NF	SmartBar 2 CE, 6 x 2.3kW, Dual NFconnectors 3m power cable with flying leads	13.6	152x203x2438	€ 1,180.00
7543A1163-UK	SmartBar 2 CE, 6 x 2.3kW, Single UK 15A connectors 3m power cable with flying leads	13.6	152x203x2438	€ 1,250.00

SmartBar 2 CE Accessories

Part #	Description	List Price
7543K1005	Four circuit SmartBar 2 Bolt Kit w. 7 bolts/washers/nuts (spare)	€ 25.00
7543K1006	Four circuit SmartBar 2 Bolt Kit w. 9 bolts/washers/nuts (spare)	€ 30.00

SmartModule 2™ CE

SmartModule 2



- Distributed dimming for position flexibility
- Floor Standing portable dimmer
- Built in chases
- Local control
- Switched, Dimmed, and Fluorescent Curves
- Optional wall and pipe mount brackets
- DMX input and thru connectors
- RDM discover and addressing
- Choice of output connectors
- 2.3kW breaker output protection per dimmer
- 4 x 2.3kW and 6 x 2.3kW option

4 x 2.3kW Single Phase 16A 230V Module

Part #	Description	Ship Weight (kgs)	Ship Dimensions (mm)	List Price

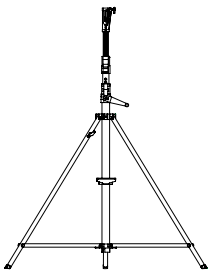
SmartStand

SmartStand™



- Perfect compliment to your ETC SmartBar
- For 1.2 or 1.5m SmartBar and 4 luminaires
- Easily raises and lowers up to 30kg
- Double risers extend simultaneously
- Rises to a maximum height of 3.8m
- Fold away hand crank for gradual height adjust

SmartStand

Part #	Description	List Price
7500A1001-EU	SmartStand, crank-up, black 30kg. load. Max height 3,8m. SmartStand Adapter NOT included	€ 515.00
7500A1002-EU	Set of 3 casters 100mm, w. brakes	€ 84.00
7500A1003-EU	28mm TV-type SmartStand Adapter for 12mm bolt	€ 18.00

ETC Control

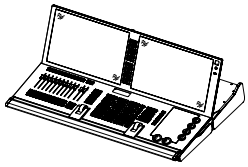
EOS® Titanium

Eos Ti Console Info

NEW!

ETC introduces the latest edition to the Eos family... Eos Titanium.

- 12 discrete users
- Synchronised backup with RPUs, Eos, Gio and/or Ion
- 10,000 Channels/Devices (numbered from 1 – 99,999)
- 3 External DVI/sVGA multi-touch displays (optional)
- 300 additive/inhibitive/effect submasters
- 32 MIDI/SMPTE inputs
- Partitioned channel control
- RDM compatible
- 2 – integral articulating multi-touch LCD displays
- 6 Force-Feedback encoders with multi-touch display
- 999 Cue Lists
- User configurable interactive magic sheets
- Backlit keyboard, pull out drawer for alphanumeric keyboard (Cherry Ultra-low or equivalent) and 4 USB ports.
- One master playback fader + 10 motorised faders with 30 configurable pages
- ETCNet2, Net3/ACN, Artnet and Avab UDP output protocols
- Full show file compatibility with all Eos family products
- Offline and Client Programming from PC (Windows 7 or XP) and native on a Macintosh (OS X Intel)
- Virtual Media Server Control with stock content (user images may be imported)
- Data laundering from Obsession, Express, Expression, Emphasis, Congo, Avab VLC and Strand 500/300 series via ASCII



NOTE: Eos Ti is crated for shipment. Flightcase is optional.

Eos Ti Control

Eos Ti is offered in four configurations with a maximum of 10,000 control channels, each of which represents one complete device on the network. Each user may have a discrete workspace. Configurable views are designed to facilitate the individual requirements of designers, assistant designers, programmers and production electricians.

Part #	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price

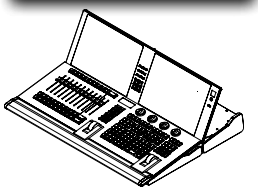
Gio Control



Gio

All the power of Eos in a smaller, more portable package.

- 12 discrete users
- Synchronised backup with RPUs, Eos and/or Ion
- 2 – integral 12.1" LCD Multi-touch displays
- Backlit Keypad
- 300 additive/inhibitive/effect submasters
- 32 MIDI/SMPTE inputs
- Partitioned channel control
- RDM compatible
- 4 Force-Feedback encoders
- 3 External DVI/SVGA displays (optional)
- 999 Cue Lists
- User configurable interactive magic sheets
- 10,000 Channels/Devices (numbered from 1 – 99,999)
- One master playback fader + 10 motorized faders with 30 configurable pages
- ETCNet2, Net3, Artnet and Avab UDP output protocols
- Offline and Client Programming from PC (Windows 7 or XP) and native on a Macintosh (OS X Intel)
- Virtual Media Server Control with stock content (user images may be imported)
- Data import from Obsession, Express, Expression, Emphasis, Congo, Avab VLC and Strand 500/300 series via ASCII
- Full show file compatibility with all Eos family products

Gio Control

The power of an Eos lighting system but in a smaller desk, sized just right for your budget, space or tour. Gio includes two integral, articulating multi-touch displays and supports up to three external displays, all of which can also be multi-touch. The backlit keypad's layout is virtually identical to Eos. If you know Eos – the industry standard in lighting control – you'll know (and love) Gio.

Gio can integrate into an Eos or Ion system with ease, acting as a primary, back-up, or client console in combination with the rest of the family. All of the accessories available for Eos and Ion service Gio as well.

Part #	Description	Ship Weight (Kg)	Ship Dimensions (mm)	List Price
4240A1012-EU	Gio Control Desk 2,048 Outputs maximum is 8,192 outputs	29.5	279x749x901.7	PoA

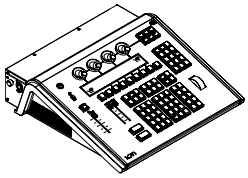
Ion

Based on the Eos operating system, in a compact, expandable footprint.

- 4 discrete users
- Synchronized backup with RPUs, Gio and/or Ion
- 2 External DVI displays (not included)
- 999 Cue Lists
- 32 MIDI/SMPTE inputs
- Partitioned channel control
- RDM compatible
- 300 additive/inhibitive/effect submasters
- 10,000 Channels/Devices (numbered from 1 – 99,999)
- High Density Live and Blind Displays
- ETCNet2 and Net3 native, Artnet and Avab UDP output protocols
- 4 encoders with integral LCD for non-intensity parameter control
- Offline and Client Programming from PC (Windows 7 or XP) and native on a Macintosh (OS X Intel)
- Virtual Media Server Control with stock content (user images may be imported)
- Data import from Obsession, Express/ion, Emphasis, Congo and Strand 500/300 series via ASCII
- Full show file compatibility between Eos, Gio, Ion and Element
- Up to six fader wings may be used



Ion Control

Using the powerful Eos operating system, Ion offers affordable control for space-challenged venues and small tours. With the ability to be fully networked, Ion devices can be used on their own or as part of a larger Eos system as clients. Grow Ion with Universal Fader Wings for more hands on control. Ion can also be installed in a standard 19" rack.

Two DMX universes are available at the console, or all outputs may be distributed via Net3 Gateways, or ETCNet2 DMX nodes (purchased separately).

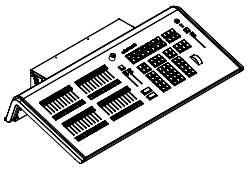
Element Control



Element

The basics of lighting control, redefined. Based on the Eos operating system, and a natural launch pad for learning the Eos philosophy and style.

- 250 or 500 Channels
- Command Prompts
- True LTP Channel Faders
- On Demand ML Controls
- Master Playback fader, Grand Master and Blackout
- Two universes of output (1,024 addresses)
- Single Cue List
- 300 Submasters
- Net3 and ETCNet2 network native
- RDM Compatible

Meet Element!

Element offers affordable control for smaller venues with single control desk operators or volunteer staffs. Element is designed for mainly conventional lighting rigs with some motorised accessories, LEDs and a few moving lights. Available in two physical models, Element 40 or Element 60, the desks offer built in LTP channel and submaster faders that change mode with the turn of a switch. More complex devices are controlled using the on-screen On Demand ML Controls. To get users up and running quickly, Element provides command prompts on screen above the command line.

Two DMX universes are available at the console, or all outputs may be distributed via Net3 Gateways, or ETCNet2 DMX nodes (purchased separately).

NOTE: Element control desks ship with a dust cover, mouse and mouse pad. An external keyboard is not shipped with the desk. On screen keyboards are provided within the software. Any USB keyboard may be used with Element if a physical keyboard is desired.

Part #	Description	Ship Weight (kgs)	Ship Dimensions (mm)	List Price
4330A1020	Element 40 Control Desk, 250 Channels	18	270x940x600	€ 4,100.00

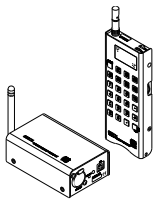
Desk Accessories

Net3 Radio Focus Remote (RFR)

Net3 RFR



- Compatible with all Eos- and Congo family control desks and RPUs and with RVI.
- 2.4 GHz radio communication between hand-held unit and receiver.
- Receiver unit connects to the Net3 Ethernet network or directly to the console via USB.
- Offers universal keypad with dedicated channel selection keys as well as six soft keys for advanced operation.
- Hand-held functions are driven by the connected control desk - use on either Eos or Congo without additional software or hardware changes (no switches, no key cap changes required).
- Receiver unit is powered by PoE or direct USB connection to the console. Hand-held contains rechargable batteries - recharge over a USB connection to a PC, the control desk or using a recharging cable.
- Multiple units may be used in the same venue without interference.

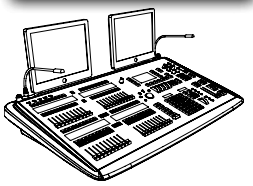
Congo



Trying to interest your customer in Congo? Show them the Congo tutorials on our website. Visit http://www.etcconnect.com/product.tutorial.aspx?ID=20015

Congo

- A great live event desk!
- Now with the powerful v6 effects package!
- Direct Selects for fast access to groups, palettes and powerful dynamic effects
- Complete Control, Congo is ready for Media Servers, Moving Lights, LEDs and dimmers
- Multiple cue lists
- Theatrical-style Playback
- ETCNet2 and Net3 (sACN) network native
- 40 Multi-purpose Masters (+40 Optional)
- Congo Offline Editor available for use on Windows and Macintosh PC's

Congo

With powerful effects, lots of faders and features designed for busking, Congo offers a short-command working environment and flexible playback options suitable for theatre, broadcast and live events.

Congo is offered as a base control desk with 3072 control channels and 1024 outputs (2 universes of DMX512). A single control channel may control only intensity (dimmers) or it may control a DMX controlled device (moving light, media server, etc).

To increase the capacity of the desk, order additional 512-output upgrades. For example, to take the desk to its maximum configuration, order a control desk and ten (10) 512-output upgrades.

1024 outputs + (10x512) = 6144 outputs (12 universes of DMX512)

Two universes are available at the desk via XLR, or all universes may be distributed via ETCNet2 DMX nodes or Net3 Gateways (purchased separately).

Part #	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price
7310A1012	Congo control desk, 1,024 Outputs (maximum is 6,144 outputs)	40	1300x700x380	PoA
7310A1016	Congo Upgrade Package additional 512 outputs (maximum is 6,144 outputs)			PoA

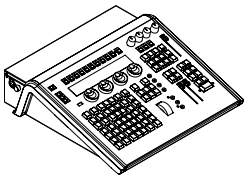
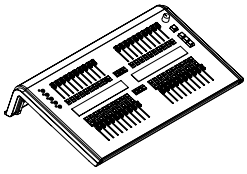
Congo Offline Editor for Windows and Macintosh OS X available at http://www.etcconnect.com/product.overview.aspx?ID=20196

Congo jr





Congo jr

- Compact, modular full-featured control desk
- Multiple cue lists
- Same operational style as Congo, complete show file compatibility
- Complete Control, Congo jr is ready for Media Servers, Moving Lights, LEDs and dimmers
- Theatrical-style Playback
- ETCNet2 and Net3 (sACN) network native
- Optional Master Playback and Fader Wings (up to 80 faders in total)
- Offline Editor available for use on Windows and Macintosh PC's

Congo jr consoles shipped from this point on no longer include the video card and Y-Cable splitter. Instead, Congo jr uses the onboard video connections and supports a maximum of TWO connected monitors - either 2 x DVI or 1 x DVI + 1 x sVGA. Two sVGA monitors cannot be connected to Congo jr consoles that do not have the video card/YAdapter.

Congo jr control desk

Congo jr offers all the power of the Congo console in a compact, modular package. Suitable for smaller venues or as a backup for a Congo console, Congo jr packs quite a punch. Outfit your Congo jr with an optional Master Playback Wing to get access to all of Congo's event playback functions, or keep it small for simpler playback needs. Congo jr also fits in a standard 19"equipment rack.

Congo jr is offered as a base console with 3072 control channels and 1024 outputs (2 universes of DMX512). A single control channel may control only intensity (dimmers) or it may control a DMX controlled device (moving light, media server, etc).

To increase the capacity of the console, order additional 512-output upgrades. For example, to take the console to its maximum configuration, order a console and ten (10) 512-output upgrades.

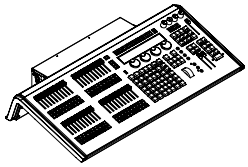
1024 outputs + (10x512) = 6144 outputs (12 universes of DMX512)

Two universes are available at the console via XLR, or all universes may be distributed via ETCNet2 DMX nodes or ETC-Net3 Gateways (purchased separately).

4320A1001	Congo Jr control desk, 1,024 outputs	14.7	550x280x600	PoA
7310A1016	Congo Upgrade Package (additional 512 outputs - max. is 6144))			PoA
7310M1210	Congo Family User Manual, US English			€ 80.00

NOTE: *Universal Fader Wngs are offered in Congo Blue or Ion Black for cosmetic purposes. Either style will work with any product that supports Universal Fader Wings. Universal Fader Wings and Master Playback Wing are not compatible with Congo Kid console.

Congo® Kid



What will you create today?

- Compact, modular full-featured control desk
- Multiple cue lists
- Same operational style as Congo, complete show file compatibility
- Complete Control, Congo jr is ready for Media Servers, Moving Lights, LEDs and dimmers
- Theatrical-style Playback
- ETCNet2 and Net3 (sACN) network native
- Optional Master Playback and Fader Wings (up to 80 faders in total)
- Offline Editor available for use on Windows and Macintosh PCs

Meet Congo Kid!

Congo Kid offers affordable control for smaller venues with single console operators or volunteer staffs. Congo Kid is designed for mixed lighting rigs with conventional fixtures and motorised accessories, LEDs and moving lights. Available in two channel counts – 256 channels and 500 channels – and with two universes of output (1024 dimmers/parameters).

Congo Kid includes Congo's online help system with text search, favorites and individual key help, as well as tutorial movies and demo/training shows with built-in visualization projects.

Two DMX universes are available at the desk, or all outputs may be distributed via Net3 Gateways, or ETCNet2 DMX nodes (purchased separately).

Important Notes:
Congo Kid consoles ship with a mouse and mouse pad included. An external keyboard is not shipped with the console. On screen or soft key based keyboards are provided within the console. Any USB keyboard, including language-specific keyboards, may be used with Congo Kid if a physical keyboard is desired.

Congo Kid does NOT support connection of additional fader wings or modules (Universal Fader Wings/Module, Congo jr Master Playback Wing).

Congo Kid does NOT require the Y-Cable for video connections. Instead, it uses the onboard video connections and supports a maximum of TWO connected monitors – either 2 x DVI or 1 x DVI + 1 x sVGA. Two sVGA monitors cannot be connected to a Congo Kid console.

Part #	Description	Ship Weight (Kgs)	Ship Dimensions (mm)	List Price
4340A1010	Congo Kid, 256 Channels	18	270x940x600	€ 4,500.00
4340A1020	Congo Kid 512 Channels	18	270x940x600	€ 5,000.00
4340A1016	Congo Kid 256 Channel Upgrade			€ 500.00
	This upgrade will work for a 256 channel console only. 512 channels is the maximum channel count in Congo Kid.

PC Congo®

NEW!

- PC-based lighting control software; Windows 7 compatible
- 3,072 channels/up to 2,048 outputs
- Compatible with all Congo show files
- Net3/ACN/sACN and ArtNet outpt; RDM via Net3 Gateways
- Net3 Show Control and I/O Gateways, OSC and UDP triggers

PC Congo

All the features of the Congo lighting control system software, are now on your own PC! The PC Congo dongle enables full-speed data output from the Congo software on a Windows 7 PC. The PC Congo can be used as a backup (up to the output capacity of PC Congo) or client to any Congo console or another PC Congo computer, and also functions as a stand-alone system for show playback, editing and programming.

PC Congo supports 3072 control channels and can output up to 2,048 addresses/parameters. Systems purchased with a lower output count can be upgraded later to add one or two universes – a simple upgrade code can be purchased, no additional or replacement hardware is required.

PC Congo communicates with the lighting rig via Ethernet (sACN or ArtNet). If DMX output is required, an Ethernet lighting protocol converter is required. This can be ETC Net3 DMX/RDM Gateways (recommended) or third-party sACN or ArtNet converters.

PC Congo is compatible with ETC fader wings (Congo jr Master Playback Wing or Universal Wings). PC Congo also supports connection with third-party USB-MIDI panels via Direct MIDI and is compatible with OSC controllers. Please see the Congo user manual for more information about compatibility with direct MIDI and OSC devices.

Minimum Hardware Requirements:

Personal Computer (laptop or desktop) with:

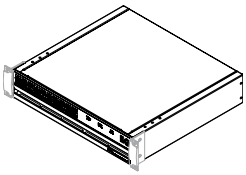
- Intel-based multi-core processor with clock frequency higher than 2.0 GHz
- Windows 7 with >500 MB free disk space
- DVI/SVGA screen resolution of at least 1024x768
- 512 MB of RAM minimum (1 GB recommended)
- 64 MB Video Card with hardware accelerated OpenGL
- RJ-45 Network adapter (required to communicate with a lighting network, DMX output devices)

Part#	Description	Ship Weight (lbs)	Ship Dims (inches)	List Price
7310A1010	PC Congo Kit, 1,024 Outputs			€1,900.00
7310A1020	PC Congo Kit, 1,536 Outputs			€2,600.00
7310A1030	PC Congo Kit, 2,048 Outputs			€3,300.00
7310A1016	Congo Upgrade Package (additional 512 Outputs - max. is 2048 Outputs)			€760.00
7310M1210	Congo Family User Manual (printed)			€80.00

Congo Light Server

- Congo processor unit in a rack-mount enclosure
- ETCNet2 and Net3 (sACN) network native
- 20-key front panel user interface for common control commands
- USB on front panel for show file storage, software updates
- Compatible with Master Playback Wing, Universal Fader Wings
- Offline Editor available for use on Windows and Macintosh PC's
- Two DMX outputs, MIDI In and Out
- Complete show file compatibility with Congo

Congo Light Servers shipped from this point on no longer include the video card and Y-Cable splitter. Instead, Congo Light Server uses the onboard video connections and supports a maximum of two connected monitors - either 2 x DVI or 1 x DVI + 1 x sVGA. Two sVGA monitors cannot be connected to a Congo Light Server that do not have the video card/Y-Adapter.



Congo Light Server

Congo Light Server offers all the power of the Congo control desk in a compact, rack-mountable package. Suitable as a backup for a Congo desk or as a stand-alone lighting playback controller, the Congo Light Server packs finds a home within any Congo system. With the addition of a Master Playback Wing or the Universal Fader Wings, users can have hands-on control of Congo's Master Playbacks without the use of a mouse.

Congo Light Server is offered as a base unit with 3072 control channels and 1024 outputs (2 universes of DMX512). A single control channel may control only intensity (dimmers) or it may control a DMX controlled device (moving light, media server, etc).

To increase the capacity of the Light Server, order additional 512-output upgrades. For example, to take the unit to its maximum configuration, order a Light Server and ten (10) 512-output upgrades.

1024 outputs + (10x512) = 6144 outputs (12 universes of DMX512)

Two universes are available at the Light Server, or all outputs may be distributed via ETCNet2 DMX nodes or ETCNet3 Gateways (purchased separately).

NOTE: Universal Fader wings are offered in Congo Blue or Ion Black for cosmetic purposes. Either style will work with any product that supports Universal Fader wings.

NEt3 Four Port Gateway

Net3™ Devices

Net3 Four Port Gateway

- Modular DMX port design providing easy configuration of port connector type and replacement
- Supports Power over Ethernet (PoE 802.3af) as well as an external DC power supply
- LCD screen for labeling, status and configuration information
- LED power and network indicators
- Supports native Net3/ACN
- Configurable using Gateway Configuration Editor (GCE) and directly through ACN/Net3
- DMX/RDM Output/Input

Built to Order/Custom Configurations Available! - Call ETC today to get your Net3 Four Port Gateways built to order. Buy your own Gateway bodies and install your own modules. Choose external power supply or PoE, choose rack mount kits and port connector. Miss a specific part? - Contact ETC for custom options.

Don't forget to pick your extra modules for on-the-fly configuration changes or for a snappy repair via swapping a module.

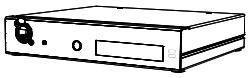
4264A1004	Net3 Touring One Port DMX Input Gateway	€ 600.00

Net3 I/O Gateway

Net3 I/O Gateway

- Native Net3/ACN device
- 16 SPDT relay contact closure outputs
- Bidirectional RS-232 serial
- Configurable directly through ACN or GCE software
- 24 analog/digital inputs (0-10V)
- Power and network status indicators
- Supports Power over Ethernet (PoE 802.3af) or external DC power supply
- LCD screen for labeling, status and configuration information



Part #	Description	List Price
4263A1001	Net3 I/O Gateway	€ 1,155.00
PS364-F	International Power Supply	€ 47.00
	Includes plugs for North America/Japan, Europe (2-pin), UK (3-pin), and Australia/China (2-pin)	
4260K1001	Gateway Rack Mount Kit	€ 36.00
	Holds up to 2 gateways/ includes a blanking plate for one gateway	
4260K1005	Gateway Hanging Bracket Kit (with U-bolt)	€ 37.00
	Pipe mount kit for single 4-port Net3 Gateway	

Net3 Show Control Gateway

- Native Net3/ACN device
- MIDI In/Out/Thru ports
- Supports Power over Ethernet (PoE 802.3af) or external DC power supply
- LCD screen for labeling, status and configuration information
- Power and network status indicators
- Configurable directly through ACN or GCE software
- SMPTE input via 3-pin XLR

Wireless DMX

City Theatrical SHoW DMX provides wireless transport for DMX, and network based DMX levels for permanent and temporary lighting control systems. Built on the reliable SHoW Neo platform for the best possible performance guarantees that wired and wireless DMX control occurs without any delay. With out of the box functionality, no special configuration is required for most systems. For advanced users a full configuration mode is also supported.

- Default plug-and-play mode
- Lost data replacement - automatically repairs incompatible packets with recent data
- Accepts DMX or Ethernet input from Net3 (sACN), Art-Net, KiNet and Pathport protocols
- Remote Device Management (RDM)
- User selectable broadcast modes

Unison® Mosaic™

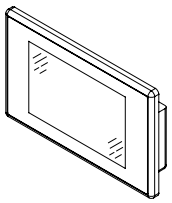
Union Mosaic

Mosaic Tessera Touchscreen Controller

Mosaic Tessera

The Mosaic Tessera Touchscreen Controller (MTPC) is both a part of a greater networked system and a standalone full controller, in a compact local touchscreen. The Tessera is unique in handling complex lighting devices of all sorts (LEDs, conventionals, etc.) as well as impromptu show-control, other accessories, and non-lighting effects.

Tessera's touchscreen user-interface offers up to 512 channels of DMX-Over-Ethernet to control colour-mixing fixtures, conventional dimmable fixtures, and automated lights.

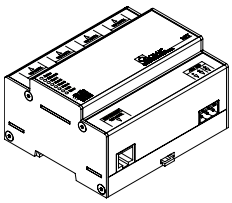


- Built-in timeclock triggers precise timed events, including 'sunrise' and 'sunset' astronomical cues.
- Supports onboard triggering over Ethernet
- Compatible with optional MSC controllers and remote devices attached over Ethernet.
- Real Engine - Ensures an accurate representation of your show, whether in software simulation or when played live to connected controllers.
- Live Control - Live output of your Mosaic show file to connected Mosaic controllers and fixtures during simulation.
- Designer Access - Internal Web server with active pages providing status, configuration information, remote monitoring, and remote show uploads.
- Quick Change - Show data is stored on a removable memory card, which can be transferred to another MSC if required.

Part #	Description	Ship Weight (Kgs)	Ship Dimensions (mm)	List Price
7180A1360-6	Mosaic Tessera Touchscreen Controller, Black (512 channels)	0.5	203x152x140	PoA

NOTE: The suffix (-X) for part numbers indicates station colour. Enter the desired bezel colour (-1 Cream, -4 Black, -6 Natural Aluminium) with black overlay. Also specify "flush" or "surface" mount at time of order.

Mosaic Show Controller



Unison Mosaic Show Controller™

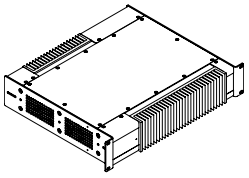
The Mosaic Show Controller 1 (MSC1) and the Mosaic Show Controller 2 (MSC2) support DMX512 and DMX-Over-Ethernet protocols to control colour-mixing fixtures, conventional dimmable fixtures and automated lights. MSC1 offers one DMX universe - 512 channels (or, 170 RGB colour-mixing units). MSC2 offers two universes - 1024 channels (or, 340 RGB colour-mixing units). Per universe, you can choose to output DMX512 directly to your devices or send the data to your network using DMX-over-Ethernet protocols: Streaming ACN (sACN) ETCNet2™, Philips KiNet™, ArtNet2™, or Pathway XDMX™.

Each MSC has the same extensive range of external triggering interfaces, including Ethernet, RS232/RS485 serial or DMX input triggering, MIDI, and tri-mode inputs. The built-in real-time clock triggers precise timed events, including “sun-rise” and “sunset” astronomical cues. Additional triggering interfaces are supported by optional Remote Devices connected using Power over Ethernet (PoE).

- Real Engine - Ensures an accurate representation of your show, whether in software simulation or when played live to connected controllers.
- Live Control - Live output of your Mosaic show file to connected Mosaic controllers and fixtures during simulation.
- Designer Access - Internal Web server with active pages providing status, configuration information, remote monitoring, and remote show uploads.
- Quick Change - Show data is stored on a removable memory card, which can be transferred to another MSC if required.

Part #	Description	Ship Weight (Kg)	Ship Dimensions (mm)	List Price
7180A1361	Mosaic Show Controller MSC1 (512 channels)	0.9	203x152x140	PoA
7180A1362	Mosaic Show Controller MSC2 (1024 channels)	0.9	203x152x140	PoA
7180A1364	Mosaic Show Controller MSC4 (2,048 channels)	0.9	203x152x140	PoA

Mosaic Show Controller X



Unison Mosaic Show Controller X™

The MSC X is available in capacities ranging from 10,240 channels of DMX-over-Ethernet (20 universes) up to more than 100,000 channels (200 DMX universes, or, 34,000 RGB LEDs!) from a single 19”equipment-rack-mounted unit. Like its siblings MSC1 and MSC2, the MSC X has an extensive range of external triggering interfaces, including Ethernet, RS232 Serial, and DMX input. A built-in real-time clock triggers precise timed events, including “sunrise” and “sunset” astronomical cues.

Additional triggering interfaces are supported by networking with Mosaic Remote Devices. As a DMX-over-Ethernet device, the MSCX also empowers you to send the data to your network using Ethernet protocols: Streaming ACN (sACN), ETCNet2™, Philips KiNet™, ArtNet2™, or Pathway XDMX™, simultaneously. But unlike any other Mosaic device, the MSCX includes Video Connect - digital video outputs using Firewire and DVI connections to master pixel mapping on video-based fixtures, as well as a Firewire digital video input for live video mapping in real time.

- Video Connect - digital video outputs using Firewire and DVI connections to master pixel mapping on video based fixtures, as well as a Firewire digital video input for live video mapping.
- Real Engine - ensures an accurate representation of your show whether in software simulation or when played live to connected controllers
- Live Control - live output of your show file to connected Mosaic Controllers and fixtures during simulation
- Designer Access - internal Web server with active pages providing status, configuration information, remote monitoring, and remote show uploads.

Mosaic Audio/Video Controller

Mosaic Audio/Video

The Unison Mosaic Audio/Video Controller provides audio and video capabilities using Digital Signal Processing (DSP) technology. The AVC can easily integrate with Mosaic Lighting Control for synchronized playback of A/V and Lighting elements. Video data is stored on the controller, and can also input a live video feed. Two streams can be simultaneously decoded for smooth transition between videos or sources. Each MAVC supports an extensive range of external triggering interfaces, including Ethernet, RS232/485 Serial, and DMX. The built-in real-time clock triggers precise timed events, including 'sunrise' and 'sunset' astronomical cues. Additional triggering interfaces are supported by optional Remote Devices (MRIO's) connected to the Mosaic Show Controller using a Power over Ethernet network. Multiple MAVCs can be used together with Mosaic Show Controllers (MSCs) for larger installations and synchronized automatically over Ethernet.

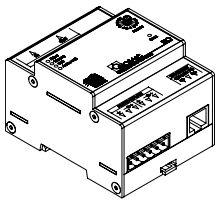
7180A1303	Mosaic Audio/Video Controller	2	204x153x140	PoA

Mosaic Remote Devices

Mosaic Audio/Timecode Module

Mosaic Audio Timecode

The Mosaic Remote Audio/Timecode Module (MRIO-A) expand the advanced show control capabilities of the system in interactive installations, allowing lighting and AV to respond instantly to the environment or viewer. As an accessories to the Mosaic Show Controllers™ (MSCs), Mosaic Show Controller X™ (MSCX), and Mosaic Audio/Video Controller (MAVC) the MRIO-A device offers Connections for Stereo Audio input or Linear Timecode and MIDI timecode input and output. The Mosaic Audio/Timecode Module employs familiar, simple and reliable Ethernet wiring topology with IEEE 802.3af Power-over-Ethernet (PoE). Up to 4 MRIO-A modules can coexist on a network as part of a distributed system.

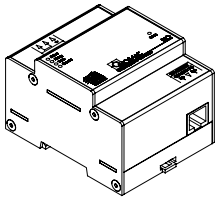


Part #	Description	Ship Weight (Kg)	Ship Dimensions (mm)	List Price
7180A1344	Mosaic Audio/Timecode Remote Device	1	204x153x140	PoA

Mosaic Remote DALI Device

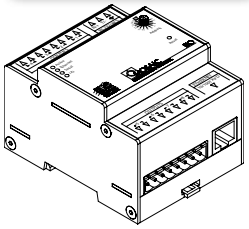
Mosaic Remote DALI

The Mosaic Remote DALI Module provide interface with Digital Addressable Lighting Interface (DALI) allowing a Mosaic control system to easily control DALI ballasts. As an accessory to the Mosaic Show Controllers™ (MSCs), Mosaic Show Controller X™ (MSCX), the MRIO-D device offers support for a full DALI loop of 64 devices and includes a DALI power supply. The Mosaic DALI Module employs familiar, simple and reliable Ethernet-wiring topology with IEEE 802.3af Power-over-Ethernet (PoE). Up to 6 MRIO-D modules can co-exist on a network as part of a distributed Mosaic control system.



Part #	Description	Ship Weight (Kg)	Ship Dimensions (mm)	List Price
7180A1345	Mosaic DALI Remote Device	1	204x153x140	PoA

Mosaic Remote I/O



Mosaic Remote I/O Devices

The Mosaic Remote Input/Output Modules (RIOs) offer an integrated, bidirectional serial port (RS232/RS485) for interfacing to third-party equipment or systems and employ familiar, simple and reliable Ethernet-wiring topology with IEEE 802.3af Power-over-Ethernet (PoE). Up to 100 RIO modules can coexist on a network as part of a distributed system.

- The RIO 8/0 features eight configurable Tri-Mode inputs accepts almost any input from the necessary equipment; digital-active high, digital-active low, or contact closure.
- When you need to issue commands to third-party devices, the RIO 0/8 gets the job done with eight fully isolated relay outputs.
- When you need both input triggers and control over other devices in the same location, choose the RIO 4/4. Featuring both relay outputs and configurable Tri-Mode inputs, the RIO 4/4 allows you to integrate with almost any third-party device.

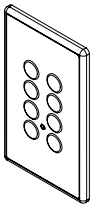
Mosaic Accessories

Mosaic Button Stations



Mosaic Button Stations

Mosaic Button Stations (BPS) interface with any Mosaic Controller (MSC, MSCX and MAVC) over a standard Power over Ethernet network. With support for up to 100 stations in a single system, button stations can be placed remotely to trigger any system timeline. Simple addressing using a rotary switch is provided on the rear of the station, and Mosaic Designer software is used to assign button actions and LED indicator responses.

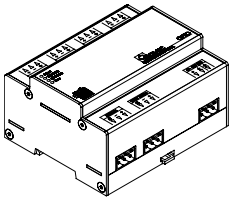
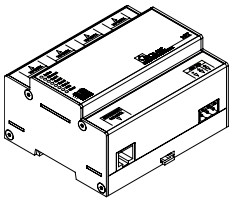
Splitters and Switches





Mosaic Splitters and Switches

- The Mosaic DMX/ RDM Opto-splitter distributes multiple outputs of a single DMX universe from a Mosaic control system to other devices. The DIN-rail mounted splitter is the perfect accessory for any Mosaic Control System.
- The Mosaic Ethernet Switch allows for multiple Mosaic Controllers or Accessories to be network together. The MSC-NET offers five un-managed Ethernet ports, with four ports also providing Power over Ethernet (PoE). The DIN-rail mounted switch is the perfect accessory for any Mosaic Show Control System.

Mosaic Software

Unison® Mosaic Designer Software™

Designer Software

Mosaic Designer Software provides the framework for creating your unique work of art. Everything you need is here: importing project plans for system layout, positioning lighting fixtures and other devices in the plan, editing triggers and timelines, picking specific colours, programming special effects, mapping pixels to an array, playing back video clips, visualising the results, and uploading your show.

Before, your only option was to program your show on a lighting control desk and capture it on a playback device. That is a limited way to control lighting and other effects -- it can only reproduce its output as programmed, with no opportunity for interaction. With Mosaic -- you don't need a control desk. You directly create a real show in real time using your Mac or PC. Even after uploading the show, you have all the features you need to influence and modify your design to be interactive with the outside world. Unison Mosaic Designer Software melds the capabilities of a lighting control desks, the flexibility of a media server, and the precision of a Playback Lighting Controller to empower you to achieve your artistic visions.

Mosaic TouchEditor Software

TouchEditor Software

Mosaic TouchEditor software allows you to configure your own user interface for a Tessera Touchscreen Controller. Everyday people need to be comfortable using a lighting control system. ETC pays special attention to that need, offering a comprehensive user- interface design tool, TouchEditor, allowing you to assemble endless combinations of graphics, even your own creations, into a complete, touch-driven environment, unique to your facility.

Mosaic RemoteManager Software

RemoteManager Software

Mosaic RemoteManager allows a user to manage multiple installations remotely. Using RemoteManager and Internet access, a technician can upload configurations to a single system, or multiple systems, and set a time for the new show to load to the processor and begin playing. This substantially reduces the cost and carbon footprint of managing multiple installations. To assure a working system, RemoteManager includes important safety features. If the network connection fails during an upload, RemoteManager will re-establish a connection and resume functioning where it left off. In addition, the software tool can also monitor status, manage media content, and be configured to send email alerts.

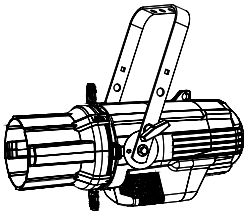
LED Luminaires

Source Four LED Info

Source Four LED

Source Four LED is the merging of the Source Four and Desire product lines. It offers the high quality optics and flexibility of a Source Four with the grace and color control of Desire. Lustr+, Studio HD, Tungsten, and Daylight light engines work with all Source Four lens tubes (sold separately) to deliver a high quality controllable beam of LED light. For the best results it is highly recommended that preferred versions are used. We also offer a special LED only version of the 50° lens tube.

- Source Four LED Lustr+ fixtures are based on the x7 Color System and uses six colours plus high-intensity white to achieve true, usable broad-spectrum colour.
- Source Four LED Studio HD are bright variable white light fixtures that utilize the x7 color system to produce the best white light available.
- Source Four LED Tungsten are non-variable white light fixtures with a 3,000K colour temperature.
- Source Four LED Daylight are high-output non-variable white light fixtures with a 5,600K color temperature.



Source Four CE LED Light Engine Body w. Shutter Barrel

Includes the Source Four LED light engine with the shutter barrel assembly, PowerCon power input cable w/o connector, soft focus diffuser and in gobo holder.

NOTE: For use with fixed beam lens tubes only.

Source Four CE LED Accessories

The Soft Focus Diffuser supplied with Source Four LED delivers beautiful homogenised light when not in sharp focus. Also, use with A-size gobo placed in effects slot for dappled and blurry projections.

7460A4019	Source Four LED - Soft Focus Diffuser (Spare - diffusion media only)	€ 12.00
7460K1006	Source Four LED - Soft Focus Diffuser Permanent Installation kit to be installed in any Source Four lens tube	€ 23.50

The Smooth Wash Diffuser is used when extra-smooth blending of multiple Source Four LED luminaires is required. The smooth wash diffuser is placed into a gel frame slot of the lens tube.

7460K1001	Source Four LED - Smooth Wash Diffuser for use with 159mm gel frame slots	€ 23.00
7460K1002	Source Four LED - Smooth Wash Diffuser for use with 190mm gel frame slots	€ 24.00
7460K1003	Source Four LED - Smooth Wash Diffuser for use with 10 degree lens tubes	€ 50.00
7460K1004	Source Four LED - Smooth Wash Diffuser for use with 5 degree lens tubes	€ 80.00

Source Four LED CYC

NEW!

Now you can have the power and versatility of ETC's x7 Color System on your cyclorama! The Source Four LED CYC Lens Tube accessory allows you to turn any Source Four LED light engine into a smooth, beautiful cyc wash light.

- Easily attaches to any Source Four LED light engine (NOT for use on HPL or HID fixtures)
- Smooth coverage with 2:1 spacing ratio
- Solid, Source Four quality design
- Top-hang, bottom-hang or both

Part #	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price
7460A2011	Source Four LED CYC Lens Tube	3.6	400x400x260	€425.00

Selador Desire™ Series

- Four colour-mixing array options
- Hanging Yoke Standard - Floor stand yoke optional
- CE compliant
- -20° - +40 °C operating Ambient temperature
- 100-240V Power Input
- DMX/RDM in and thru
- Clear user-interface with on-board presets and sequences
- Rugged die-cast housing
- Native 17° Field Angle - multiple lens options

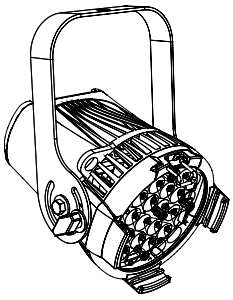
What ships with the D40™/D60™? All luminaires ship with hanging yoke, Very Narrow - Round Field secondary lens, media holder and 1.5m Powercon to bare ends power input cable. Floor stands, lenses and additional cables to be ordered separately if needed. See accessories on page 29.

What ships with the D40XT? D40XT luminaires ship with hanging yoke only. No secondary lens. Order bare-end to Molex adaptors separately for XT luminaires if converter is required to other plug types. Floor stands, lenses and additional cables to be ordered separately if needed. See XT cables as defined on page 29.

Which Desire colour array should I choose?

Ask about your customer's application and consider the following:

- **D40 Lustr+** - optimized with high-intensity white LEDs to create an ideal theatrical wash fixture. Full range colour, with an emphasis on lighter colours and white - the stage lighting choice.
- **D40 Vivid** - the x7 Colour System array is balanced for use as a high-intensity, high-saturation colour-changing wash fixture.
- **D40 Fire and Ice** - specialty arrays using the cool colours (Ice) and warm colour (Fire) of the x7 Colour System to provide extra-high brightness colour in the blue end (Ice) or the red end (Fire) of the spectrum for high-intensity lighting applications.
- **Studio HD** - combines warm white and cool white LEDs for variable colour temperature mixing. Adds five additional x7 LED colours to fill the white LED spectral gaps. Provides the richest variable white light possible in an LED luminaire.
- **Studio Daylight** - contains 5600K LEDs for high-intensity, non-variable cool white output.
- **Studio Tungsten** - contains 3000K LEDs for high-intensity, non-variable warm white output.



Desire D22 LED Luminaires

NEW!

- 1.8m power lcord with connector (portable)
- DMX in/thru (portable and canopy versions)
- Track mount version equipped with 3-circuit EUTRAC adapter with data
- Available in Portable, Canopy and Track mount options
- Noise free convection cooling- no fans

Secondary Spread Lenses

- Holographic lenses have a soft diffused edge
- Cosine light distribution for blending
- Round or Oval Beam Pattern
- Highly efficient, low light loss
- Selador Classic linear lenses are available in D40/D60 format
- Round field lenses (only), are available factory-sealed in XT (outdoor) luminaires

NOTE: Add "-1" to D40 and D60 lenses to indicate a white frame. This does not apply to Linear Rotating Lenses, which are not framed.

NEW!

7410K1040	D60 222mm x 222mm Extra Wide - Round Field Lens in Frame, Black	€ 45.00
7410K1040-1	D60 222mm x 222mm Extra Wide - Round Field Lens in Frame, White	€ 50.00

IMPORTANT NOTE: The Round Field Lenses listed above can be permanently sealed into Desire XT (exterior-rated) luminaires at the factory. This is specifically for situations where the luminaires are to be permanently mounted and the desired field angle is known at the time of purchase. Permanently sealed lenses cannot be removed or changed on-site.

To order a Desire XT with factory installed lenses add a third digit after the dash in the part number.
For example, 7410A1001-0X2. The 2 indicates Very Narrow lens, 3 indicates Narrow lens, 4 indicates Medium lens, 7 indicates Wide lens, and 9 indicated Xtra Wide lens. A further example: a D40XT Lustr+ with permanently installed Narrow lens set is 7410A1001-0X3.

Selador LED Fixtures

Selador Classic Series

- DMX 512
- x7 Colour System – 7-colour mix for unequaled LED colour rendering.
- Available in 279mm (1 cell), 533mm (2 cells), 1067mm (4 cells) and 1600mm (6 celles) lengths
- Rugged all-metal extruded housing
- Easy access slots for secondary lenses
- Yoke (11 and 21 only), trunnion and hanging bracket (as MultiPAR) mounting options
- Rates for indoor dry location use (IP20)
- 1°C to 43°C ambient operating temperature
- 100V to 240V 50/60 Hz internal power supply

Ordering Information - Selador Classic fixtures are shipped with mounting bolts and 1.5m PowerCon to bare end power lead. Mounting hardware and secondary lenses must be ordered separately. See page 34.

Which Selador Fixture should I choose?

Consider how your customer will use the product. Ask about their application and consider the following:

Paletta™ - Low Cost - Medium Throw - High Colour!
With the lowest cost and power consumption per foot, Paletta is designed for coloured light applications such as small and mid size cycloramas, stage washes and borderlight applications. It also fits in smaller spaces for architectural lighting. Produces more light than many competitors!

Lustr™ – Key, Fill - Medium Throw - Whites, Tints!
With a colour mix that is balanced for high brightness white and tinted colourus (think Rosco 62 and 34 or Lee 202), Lustr is designed for key and fill lighting in studios or mid size theatres. Lustr also wins “Best all-around” because it can be used very well on a cyc or other colour applications as well. If you are not sure which Selador unit to choose - choose Lustr.

Vivid™-R – Long Throw - High Colour!
Uses clear lenses for a narrower field angle and highest brightness at longer throw distances. Vivid’s colour mix is optimized for bright output in the deep colour and pastel colour ranges. Vivid is great for large cyc’s and coloured stage washes as well as high intensity architectural applications. Use Vivid where you would use a NSP Par fixture for side and backlight applications.

Pearl™ - Warm and Cool Whites - Adjustable Colour Temps!
The Pearl fixture uses a mixture of warm (3200K) and cool (5700K) colour temperature LEDs. The LEDs used in the Pearl are only available in large bin sizes (up to 5 MacAdam ellipses). Because of this, there is a chance that Pearl fixtures will not match perfectly in colour temperature from fixture to fixture. If absolute colour temperature consistency is important, an LED fixture with internal calibration is recommended (such as the Desire Studio HD). It is normal to see some differences in colour temperature amongst a group of Pearl fixtures set at identical control levels.

Vivid Fire and Vivid Ice - Red or Blue Deep Colour Range - High Brightness!
Deep colour specialty wash fixtures designed to provide a broad range of specific saturated colours in high intensity stage lighting situations. Fire and Ice provide higher brightness than Par colour washes at a fraction of the energy use.

Lustr Classic

Lustr Classic LED Lighting Fixture

- Luxeon® Rebel 2.5W LED emitters
- Beautifully rendered light tints and skin tones
- Beam angle 13° and field angle 26°
- Optimised for the best whites
- Ultra-quiet cooling

Part #	Description	Ship Weight (kgs)	Ship Dimensions (mm)	List Price
7401A1121	Lustr Classic11 LED fixture	6.9	394x305x305	€ 1,325.00

7401A1124	Lustr Classic 42 LED fixture	15.9	1194x305x305	€ 4,285.00
7401A1126	Lustr Classic 63 LED fixture	24.1	1727x305x305	€ 6,300.00

Paletta Classic LED Lighting Fixture

- Luxeon® Rebel 2.5W LED emitters
- Interact seamlessly with conventional sources
- Beam angle 13° and field angle 26°
- Optimised for deep, pure pastels and saturated colours
- Ultra-quiet cooling

Part #	Description	Ship Weight (kgs)	Ship Dimensions (mm)	List Price
7401A1141	Paletta Classic 11 LED fixture	4.7	394x305x305	€ 1,100.00
7401A1142	Paletta Classic 21 LED fixture	8.2	660x305x305	€ 1,970.00
7401A1144	Paletta Classic 42 LED fixture	14.6	1194x305x305	€ 3,900.00
7401A1146	Paletta Classic 63 LED fixture	22.1	1727x305x305	€ 5,750.00

Vivid-R Classic LED Lighting Fixture

- Luxeon® Rebel 2.5W LED emitters
- Ultra-quiet cooling
- Beam angle 8° and field angle 17°
- High power LEDs for the longest throws
- Optimised for deep pastels and strong saturated colour

NOTE: Vivid-R replaces the original Vivid fixture. It uses Luxeon Rebel 2.5W emitters and improved lenses for better performance at lower wattage. Customers requiring original Vivid fixtures to match existing inventory should contact ETC Customer Service.

7400A4050	Laminated Silk (Rosco 160) Vertical 21	€ 40.00

NOTE: It is recommended to use 267mm lens for 11 fixtures and 533mm lenses for 21, 42 and 63 fixtures.

Tungsten Luminaires

Source Four CE Profile Spots

- 5°, 10°, 14°, 19°, 26°, 36°, 50°, 70° and 90° field angles
- Rated up to 750W
- Interchangeable lens tubes
- Tool-free lamp adjustment
- Insulated rear handle
- Rugged die-cast aluminium construction
- Super efficient HPL lamp
- Rotating barrel ± 25%
- Three-plane stainless-steel shutter blade assembly
- Faceted dichroic reflector removes 90% of IR heat

Source Four luminaires are supplied with a colour frame, and a slot for either a drop-in iris or motorised effects device. 1.5m three-wire silicone rubber cable with bare leads are shipped as standard.

NOTE: Lamp and connector are not included. Extended lead time for White and Silver Grey luminaires.

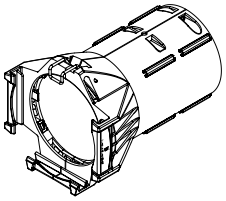
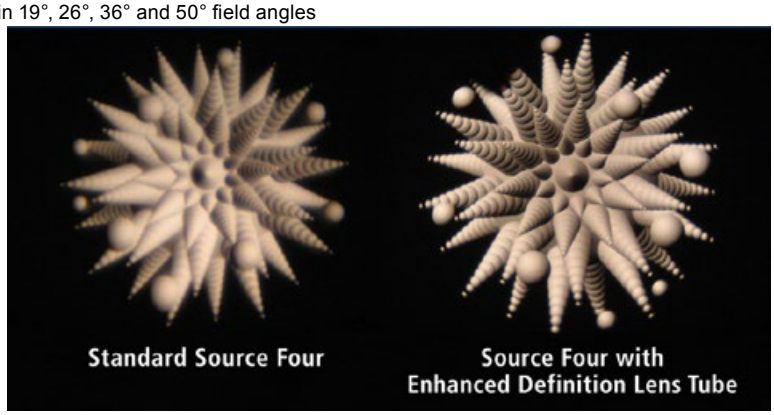
Source Four EDLT



Enhanced Definition Lens Tubes (EDLT)

- The perfect option for any Source Four
- Ideal for corporate logo projections
- Remarkable edge acuity
- Available in 19°, 26°, 36° and 50° field angles
- Makes the Source Four better than itself!
- Perfect for crisp projections on scenic elements
- Stunning contrast



*The Source Four EDLT lens tube ships with a Colour frame.

All about the Source Four EDLT

What is Source Four EDLT?

EDLT stands for “Enhanced Definition Lens Tube”. The EDLT offers heightened contrast and edge crispness to projected images, specifically when the Source Four is used as a gobo projector. This is an optional lens tube for the Source Four, it is not the entire luminaire.

What’s so innovative about the EDLT?

The EDLT’s new dual a-spheric lenses utilize the most advanced manufacturing techniques and anti-reflective coatings. The system is optimized for sharp focus of intricate gobos with maximum lumen output.

Why is the EDLT an option rather than standard on all Source Fours?

EDLT’s advanced optical system costs more to produce and is not required for most lighting applications. But when the lighting situation calls for even more precise projection optics, EDLT is available! Remember, more than 2 million Source Four products are in the field and remain the benchmark for luminaires, still setting the standard for performance and price.

Why are EDLT options not available for the 14°, 70° and 90° luminaires?

These new additions to the Source Four range are born with EDLT technology. They would not be possible without!

Is there any loss of light output associated with the EDLT?

No. Photometric tests show that the EDLT produces a gain in field lumens and improvements in contrast, and acuity.

Lens Tubes and Luminaire Bodies

NOTE: All lens tubes are supplied with a colour frame included.

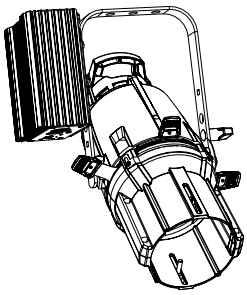
Source Four CE Luminaire body with Dimmer



- Electronic Silent (ES) dimming technology
- May be used with eiter 240V/750W HPL lamps - or with 115V/750W HPL lamps for increased light output in 230V/240V regions
- DMX512A(ANSI E1.11) with RDM(ANSI E1.20)
- Local operation for console-free focusing
- Yoke-mount; universal-mounting bracket included
- Convection-cooled

Includes the Source Four luminaire body with the shutter barrel and yoke mounted dimmer. Shipping with 1.5m silicone rubber power cable with bare leads.

NOTE: Lens tubes are not included and must be ordered separately. See page 37.

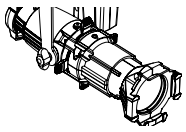
Source Four CE Mini

Everything you know and love about the Source Four scaled down and perfect for your venue. The Source Four Mini is a nearly exact replica of the Source Four, right down to the rotating barrel, shutters, gel frame and gobo pattern holder, but with a 50 watt MR16 lamp. It's not a toy, it's a Source Four.



Source Four Mini CE Portable w. UK13A connector

- Shutters, gobo pattern holder (E-size), gel media frame, rotating barrel
- Yoke-mounted 230V-240V/12v/50W transformer included
- 50w Tungsten/Halogen MR16 lamp (included) – 5000hr average lamp life
- 90cm power cable with UK13A connector
- Custom colours available upon request

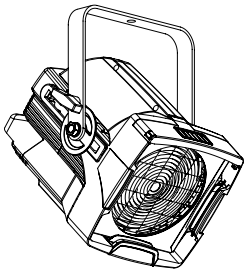
S4 Fresnel Information



Source Four® Fresnel

Source Four Fresnel

- 1000W Fresnel brightness from 750W HPL source
- Uses HPL lamps for common lamp inventory
- Unique bottom access socket means less re-focus
- Large zoom knob for easy beam adjustment
- 20° - 65° Field Angle Zoom
- Uses Source Four PAR accessories
- Sliding yoke for balancing a variety of accessories
- Low light leak design

What's in the box? Source Four Fresnel fixtures are shipped with a colour frame and 1.5m power leads with bare ends. Lamp is not included.

Source Four Fresnel Colour Information - Source Four Fresnel's are available in black, white and silver grey as standard. For pricing and ordering information on custom colours please contact ETC.

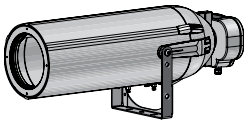
HID Luminaires

S4 XT 15-30 HID Zoom

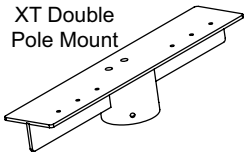


Source Four XT HID Zoom 15-30

ETC's Source Four XT HID is a Source Four spotlight for all-weather use. Powerful Source Four optics, light output and energy savings in a sleek IP66-rated watertight/dust proof design. XT features ETC's Source Four Zoom 15° to 30° optical system plus our long-life 12,000-hour, 150W HID lamp. Hang by yoke, place on ground, attach to poles and other structures -- the rugged XT handles any habitat -- wet-location use, exposed architectural installations, entertainment venues, themed environments, and beyond.

- CE Compliant
- 150W Ceramic Metal Halide Lamp, 12,000 hour life.
- Integral 230V electronic ballast, with greater than 90% efficiency.
- Tilt-down ballast housing for lamp change, without disturbing focus.
- 15° to 30° zoom range with high efficiency optics.
- Extruded aluminium optical rails with positive lock-down focus adjustment.
- Multi-faceted glass reflector with dichroic coating to reduce lens temperature.
- Internal pattern holders suitable for "B" size metal or glass gobos and dichroic colour.
- Three-plane stainless steel shutter assembly with shutter rotation.
- Fixture Effective Projected Area (EPA): 0.13m².
- Low copper die-cast and extruded aluminum construction.
- Stainless-steel, metric hexagonal hardware at all external locations.
- IP66 rated. The luminaire is dust tight and withstands water at 100 liters per minute for three minutes.
- IK09 rated. The luminaire is designed for rough handling in public areas.
- Three standard marine-grade powder coat paint finishes, black, white and bronze. For custom colours, please contact ETC.

XT Double Pole Mount



What ships with a Source Four XT HID Zoom? Source Four XT HID Zoom fixtures are supplied with a 150W, 3000°K colour temperature (85 CRI) lamp and a steel gobo holder. A 4200°K colour temperature lamp (96 CRI) and additional glass or steel gobo holders are available as accessories, listed below. 1.5m three-wire cable without connector and a standard mounting yoke (+12° to -7° tilt) are included as standard.

Accessories

Part #	Description	Ship Weight (kg)	Ship Dimensions (cm)	List Price
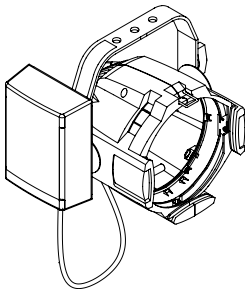
7062A1010	S4 Jr. Size M Metal Gobo Holder			€ 7.00
7062A1010-1	S4 Jr. Size M Glass Gobo Holder			€ 11.00
7062A1011	S4 Jr. Drop In Iris			€ 110.00
7060A3043	Colour frame (159mm) (one included with each luminaire)	0.5		€ 5.80
7060A3043-1	Colour frame (White) (159mm)			€ 15.80

Source Four HID PAR & PARNel 150W and 70W



- Available in 150W version and new 70W version!
- Yoke mounted 230 - 240 VAC, electronic ballast
- Ballast offers greater than 90% efficiency
- Die-cast faceted reflector
- PAR includes full lens set (VNSP, NSP, MFL, WFL)
- Rugged die-cast aluminium construction
- PARNel includes 23°-43° variable field focus

Source Four HID luminaires are supplied with the appropriate wattage CDM, 3,000°K, 12,000 hour lamp, a colour frame, and a slot for either a drop-in iris or motorised effects device. 1.8m three-wire rubber cable with flying leads.

NOTE: Lamp is included. Connector NOT included. Standard stock colour is Black, for White and Silver Grey variants expect extended lead time.

HID Lamp Information

The RT157 (150W) or RT212 (70W) lamp is included with HID luminaire purchase.

ETC Part #	Lamp Code	Watts	Initial Lumens	Colour Temp.	Average Rated Life	CRI
RT157	CDM150/ T6/830	150	14,000	3,000°K	12,000	85
RT158	CDM150/ T6/942	150	12,700	4,000°K	6,000	96
RT212	CDM70/T6/830	70	6,600	3,000°K	12,000	81
RT214	CDM70/T6/942	70	6,600	4,200°K	12,000	92

NOTE: Lamps specified above are Philips MasterColour™ CDM.

Dimming and Power Control

ES1 CE Dimmer Kit

- Electronic Silent (ES) dimming technology
- DMX512A(ANSI E1.11) with RDM(ANSI E1.20)
  Use for up to 1,500W/230V or 750W/115V incandescent loads
  1.5m power and load cables w/o connector
- Pipe mount bracket and universal yoke-mount clamp included
- Convection-cooled
- For use with incandescent tungsten loads only
- Local operation for console-free focusing

ES1 Dimmer Kit

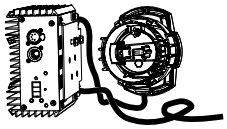
ES1 CE Dimmer Kit

Part #	Description	List Price
7145A1201-0X	ES1 CE Dimmer, Black w/o connectors	€ 450.00
7145A1201-1X	ES1 CE Dimmer, White w/o connectors	€ 450.00
7145A1201-5X	ES1 CE Dimmer, Silver Grey w/o connectors	€ 450.00

ES1 Dimmer kits are well suited for hard-wiring to luminaires. Special connectors required if used with extension cable.

Source Four CE Dimmer Kit

S4 Dimmer



- Electronic Silent (ES) dimming technology
- May be used with either 230V/750W HPL lamps - or with 115V/750W HPL lamps for increased light output in 230V-240V regions
- DMX512A(ANSI E1.11) with RDM(ANSI E1.20)
- Local operation for console-free focusing
- Yoke-mount; universal-mounting bracket included
- Convection-cooled

Dimmer kits are supplied with 1.5m silicone rubber cable with bare leads.

Source Four CE Dimmer Kit

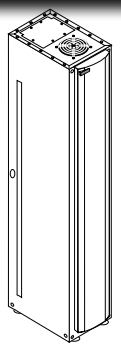
7145K1212-5X	Source Four CE PAR EA / PARNel Dimmer Kit , Silver Grey to retrofit existing Source Four PAR or PARNel luminaire, includes lamp cap	2.1	394x229x171	€ 450.00

Sensor3 Power Control



Installation Racks

CEM3 Power Control

Sensor3 CE Dimming

- 12-, 24-, 36 and 48-module enclosures
- Standard or Advanced Features racks available
- 64 backup presets with programmable fade times
- Feedback and repeater setup at ETC control desks
- ThruPower support for choice of Dim / Non-Dim / Constant
- Front-access installation w/ easily accessible line, load, and control terminations
- CEM3 Power Control
- Rich offering of modules for system flexibility
- RCD per dimmer option
- Direct Ethernet control signal input and 2 DMX inputs

Sensor3 CE Standard Installation Racks

NOTE: Standard installation racks are for use with Standard modules.

Part #	Description	List Price
7070A1062	15A, 2 x 3kW, ER15AFE Emergency Relay Module (AF)	PoA
7070A1063	15A, 2 x 3kW, ED15AFE Emergency Dimmer Module (AF)	PoA

Sensor Accessories

Part #	Description	List Price
7051A2029-4	Document Holder for Sensor3 Racks	PoA
7051A1071-4	Sensor Sound Suppression Hood (for ESR3-24, 36 and 48 racks only)	PoA
7051A1072-4	Sensor Sound Suppression Hood (for ESR3-12 racks only)	PoA
7071A1033-4	Sensor3 24 Module Enclosure Floor Pedestal	PoA
7171K1001	CEM+ Upgrade Kit ESR 24, 36 or 48	PoA
7171K1002	CEM+ Upgrade Kit ESR 12	PoA
7051A3073	Multiple rack splice plate	PoA
HW6109	Vibration Isolator, floor mount	PoA
HW6111	Vibration Isolator, wall mount, 24 module racks	PoA

Matrix Mk II Dimming

Matrix Mk II Rear Access (RA) Installation Racks

Part #	Description	List Price
7541A1714	Matrix Mk II Rear Access Rack 18 Modules 4x3kW	PoA
	Incl. Data distribution, mains input, output terminals 1600x600x800mm. Max. 400A Input	
7541A1715	Matrix Mk II Rear Access Rack 18 Modules 6x3kW	PoA
	Incl. Data distribution, mains input, output terminals 1600x600x800mm. Max. 400A Input	
7541A1716	Matrix Mk II Rear Access Rack 15 Modules 4x3kW - 3 Modules 5kW	PoA
	Incl. Data distribution, mains input, output terminals 1600x600x800mm. Max. 400A Input	
7541A1723	Matrix Mk II Rear Access Rack 18 Modules 5kW	PoA
	Incl. Data distribution, mains input, output terminals 1600x600x800mm. Max. 400A Input	
7541A1717	Matrix Mk II Rear Access Rack 27 Modules 4x3kW	PoA
	Incl. Data distribution, mains input, output terminals 2000x600x800mm. Max. 400A Input	
7541A1718	Matrix Mk II Rear Access Rack 27 Modules 6x3kW	PoA
	Incl. Data distribution, mains input, output terminals 2000x600x800mm. Max. 400A Input	
7541A1719	Matrix Mk II Rear Access Rack 21 Modules 4x3kW - 6 Modules 5kW	PoA
	Incl. Data distribution, mains input, output terminals 2000x600x800mm. Max. 400A Input	
7541A1724	Matrix Mk II Rear Access Rack 27 Modules 5kW	PoA
	Incl. Data distribution, mains input, output terminals 2000x600x800mm. Max. 400A Input	

Matrix Mk II Swing Frame (SF) Installation Racks

Part #	Description	List Price
7542A1720	Matrix Mk II Swing Frame Rack 27 Modules 4x3kW	PoA
	Incl. Data distribution, mains input, output terminals 2000x800x800mm. Max. 400A Input	
7542A1721	Matrix Mk II Swing Frame Rack 27 Modules 6x3kW	PoA
	Incl. Data distribution, mains input, output terminals 2000x800x800mm. Max. 400A Input	
7542A1722	Matrix Mk II Swing Frame Rack 21 Modules 4x3kW - 6 Modules 5kW	PoA
	Incl. Data distribution, mains input, output terminals 2000x800x800mm. Max. 400A Input	
7542A1725	Matrix Mk II Swing Frame Rack 27 Modules 5kW	PoA
	Incl. Data distribution, mains input, output terminals 2000x800x800mm. Max. 400A Input	

Optional Accessories

7541K2011	Plinth for use with RA racks on solid floors 100mm high	PoA
7541K2012	Plinth for use with RA racks on solid floors 200mm high	PoA
7541K1007	RA Rack 12kW 16mm2 Terminal Slot Conversion Kit	PoA
7541K1001	RA Rack 5kW 10mm2 Terminal Conversion Kit	PoA
7541K1002	RA Rack Fluo Module Terminal Conversion Kit	PoA
7542K1008	SF Rack 12kW 16mm2 Terminal Slot Conversion Kit	PoA
7542K1004	SF Rack 5kW 10mm2 Terminal Conversion Kit	PoA
7542K1005	SF Rack Fluo Module Terminal Conversion Kit	PoA

MATRIX Mk II Processing and Reporting

7541A1312	Matrix Dual Processing Unit	PoA
	2* 2x DMX, 2x Ethernet, RS422, DimStat support	
7540A1-9910	DimStat Software for PC	PoA

Matrix Mk II SCR Dimmer Modules N Series

7542A1001	iSCR 6x3kW, ND Dimmer Module, 400µS,	PoA
7542A1003	iSCR 6x3kW ND/RCD 30mA Dimmer Module, 400µS, Sensing	PoA
7542A1004	iSCR 6x3kW ND/RCD 30mA Dimmer Module, 400µS, Fluo, Sensing	PoA
	6 dimmers/6 direct feeds. Base load	
7542A1006	iSCR 4x3kW ND/RCBO 30mA/ch, Dimmer Module, 400µS, Sensing	PoA
7542A1007	iSCR 4x3kW ND/RCBO 30mA/ch, Dimmer Module 400µS, Fluo, Sensing	PoA
	4 dimmers/4 direct feeds with base load	
7542A1016	iSCR 2x5kW ND Dimmer Module, 400µS, Sensing	PoA
7542A1015	iSCR 2x5kW ND/RCBO 30mA/ch Dimmer Module, 400µS, Sensing	PoA
7542A1011	iSCR 3x5kW ND/RCD 30mA Dimmer Module, 400µS, Sensing	PoA
7542A1012	iSCR 3x5kW ND/RCBO 30mA/ch Dimmer Module, 400µS, Sensing	PoA
7542A1014	iSCR 3x5kW SP Dimmer Module, 400µS, Sensing	PoA
7541A1010	iSCR 1x10kW ND/RCD 30mA Dimmer Module, 400µs, Sensing	PoA
7542A1501	Air flow module	PoA

Matrix Mk II SineWave Dimmer Modules

7541A1102	iSINE 4x 3kW ND/RCD 30mA SineWave Dimmer Module, Sensing	PoA
7541A1103	iSINE 4x 3kW ND/RCBO 30mA/ch SineWave Dimmer Module, Sensing	PoA
7541A1104	iSINE 2x 5kW ND/RCBO 30mA/ch SineWave Dimmer Module, Sensing	PoA
7541A1106	iSINE 1x10kW ND/RCD 30mA SineWave Dimmer Module, Sensing	PoA
7542A1501	Air flow module	PoA

* Extended lead time

Matrix Mk II Relay Modules

7541A1201	iSW 6x16A, ND Relay Module, Sensing	PoA
7541A1202	iSW 6x16A, ND/RCD 30mA Relay Module, Sensing	PoA
7541A1200	iSW 4x16A, ND/RCBO 30mA/ch Relay Module, Sensing	PoA
7542A1501	Air flow module	PoA

Matrix Mk II Constant Power Modules

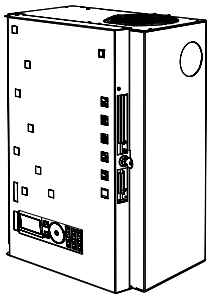
7541A1401	iCO 6x16A, ND/RCD 30mA Constant Power Module	PoA
7541A1402	iCO 6x16A, ND/RCBO 30mA/ch Constant Power Module	PoA
7541A1403	iCO 4x16A, ND/RCBO 30mA/ch Constant Power Module	PoA
7541A1406	iCO 3x32A, ND/RCBO 30mA/ch Constant Power Module	PoA
7541A1405	iCO 1x63A, ND/RCD 30mA Constant Power Module	PoA
7542A1501	Air flow module	PoA

Unison® Dimming

- Unison Dimming with SmartLink!
- High Performance Dimming for permanent installations
- Controls a wide variety of loads
- SmartLink Enabled (requires SmartLink Station Power Supply Module for use with stations)

NOTE: To add support for SmartLink stations a SmartLink Station Power Module (S-SPM) is required. All packages are 230 VAC three phase, four-wire, and ground. Single phase kits available. For systems requiring Paradigm Control and/or factory services please contact ETC.

Unison Dimming



Unison 12 Module Enclosure

Part #	Description	List Price
7183A1201	Unison DRd 12 Module Wall Mount Rack, ND	PoA

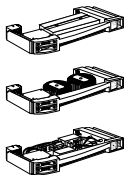
Unison 6 Module Enclosures

7183A1200	Unison DRd 6 Module Wall Mount Rack, ND and RCD	PoA

Unison SmartLink (DMX-Only) Control Processor

7180A1101	Unison SmartLink DMX-only processor	3	17x10x4	PoA

Unison Modules



Unison Standard Dimmer Modules

7183A1087	2 x 1.3kW ED6 SP Dimmer Module, 225µS	PoA
7183A1078	2 x 1.3kW ED6N ND Dimmer Module, 225µS	PoA
7183A1085	2 x 2.3kW ED10 SP Dimmer Module, 225µS	PoA
7183A1079	2 x 2.3kW ED10N ND Dimmer Module, 225µS	PoA
7083A1035	2 x 3kW ED15 SP Dimmer Module, 225µS	PoA
7083A1041	2 x 3kW ED15N ND Dimmer Module, 225µS	PoA
7083A1045	2 x 3kW ED15RS ND/RCD 30mA Dimmer Module, 225µS	PoA
7083A1033	1 x 5kW ED25 SP Dimmer Module, 225µS	PoA
7083A1043	1 x 5kW ED25N ND Dimmer Module, 225µS	PoA
7083A1047	1 x 5kW ED25RS ND/RCD 30mA Dimmer Module, 225µS	PoA

Unison High Risetime Dimmer Modules

7183A1085	2 x 1.3kW ED6E SP Dimmer Module, 400µS	PoA
7183A1079	2 x 1.3kW ED6NE ND Dimmer Module, 400µS	PoA
7183A1086	2 x 2.3kW ED10E SP Dimmer Module, 400µS	PoA
7183A1080	2 x 2.3kW ED10NE ND Dimmer Module, 400µS	PoA
7083A1032	2 x 3kW ED15E SP Dimmer Module, 400µS	PoA
7083A1042	2 x 3kW ED15NE ND Dimmer Module, 400µS	PoA
7083A1046	2 x 3kW ED15RE ND/RCD 30mA Dimmer Module, 400µS	PoA
7083A1034	1 x 5kW ED25E SP Dimmer Module, 350µS	PoA
7083A1044	1 x 5kW ED25NE ND Dimmer Module, 350µS	PoA
7083A1048	1 x 5kW ED25RE ND/RCD 30mA Dimmer Module, 350µS	PoA

Unison Relay, Constant Power and AirFlow Modules

7183A1083	2x6A (2 x 1.3kW) ER6 SP Relay Module	PoA
7183A1081	2x6A (2 x 1.3kW) ER6N ND Relay Module	PoA
7183A1091	2x6A (2 x 1.3kW) ECC6 SP Constant Power Module	PoA
7183A1089	2x6A (2 x 1.3kW) ECC6N ND Constant Power Module	PoA
7183A1084	2x10A (2 x 2.3kW) ER10 SP Relay Module	PoA
7183A1082	2x10A (2 x 2.3kW) ER10N ND Relay Module	PoA
7183A1092	2x10A (2 x 2.3kW) ECC10 SP Constant Power Module	PoA
7183A1090	2x10A (2 x 2.3kW) ECC10N ND Constant Power Module	PoA
7083A1086	2x15A (2 x 3kW) ER15 SP Relay Module	PoA
7070A1046	2x15A (2 x 3kW) ECC15 SP Constant Power Module	PoA
7083A1087	2x25A (2 x 5kW) SP Relay Module	PoA
7070A1047	2x25A (2 x 5kW) SP Constant Power Module	PoA
7050A1014	Air Flow Module	PoA

SmartLink Control

SmartLink Control

- Provides low cost, remote control of the built-in presets and sequencer found in SmartLink enabled products
- Simple, Plug-in and Play-back control
- Up to sixteen wall stations may be used on one SmartLink network when used with Unison DRd
- Easy to install SmartLink network - 2-wire, topology free, polarity independent
- Stations available in white, black, grey, ivory and signal white, with engraved legends
- Custom legends available (contact ETC Quotations for assistance)

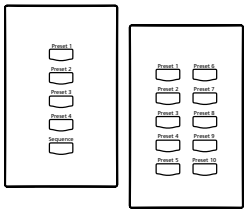
SmartLink Station Power

SmartLink Station Power Supplies

Part Number	Description	Ship Weight (kg)	Ship Dimensions (mm)	List Price
7182A1002	SmartLink Station Power Module	6	17x10x4	€ 500.00

NOTE: A SmartLink Station Power Module supports up to 16 SmartLink wall stations and is required when SmartLink stations are used with a DRd enclosure.

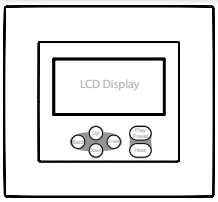
SmartLink Stations



SmartLink Stations

Part #	Description	List Price
7124A1002-****	SmartLink 5 Button Station	€ 160.00
7124A1004-****	SmartLink 10 Button Station	€ 199.00

Astronomical Timeclock



SmartLink Astronomical Timeclock

- Provides low cost, easy to use, timed event recall of programmed presets and sequence.

Part #	Description	List Price
7124A1000-****	SmartLink Astronomical Timeclock	€ 358.00

NOTE: The suffix (****) for SmartLink Station and Astronomical Timeclock part numbers is comprised of station faceplate color, preset and sequence legends. Reference the SmartLink data sheet for specifications http://www.etcconnect.com/product.downloads.aspx?ID=21303.

SineWave Distributed Dimming

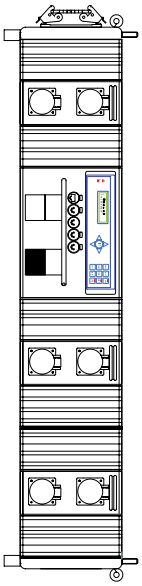
- Varying the amplitude of the sine wave eliminates filament noise
- High performance, high resolution dimming
- Less than 1% harmonic distortion reduces power costs
- Control of a wide-variety of loads - resistive, inductive or capacitive
- Total short circuit and overload protection without breaker tripping
- For use in acoustically sensitive facilities: concert halls, opera houses, churches

SineWave™ Power Modules

- Distributed dimming
- All the benefits of SineWave dimming
- DimStat Reporting
- Variety of dimmer configurations available
- Choice of output connectors (ask for availability)
- Local control and programming capabilities

Single Phase - 230/240V

Part #	Description	List Price
Shuttle Modules		
7520A1001	SineWave Power Module PM1-2SF 1 x 2.5kW, PowerCon DMX In/Through	PoA
7520A1015	SineWave Power Module SH1-5S 1 x 5kW, CEE-form DMX In/Through	PoA
Portable Modules		
7520A1012	SineWave Portable Module SC2-2S 2x2.5kW, CEE-form CEE-form 16A load connectors, iNode	PoA
7520A1012-X	SineWave Portable Module SC2-2Sx 2x2.5kW, CEE-form CEE-form 16A load connectors, DMX In/Through	PoA
7520A1013	SineWave Portable Module SC1-5S 1x5.0kW, CEE-form CEE-form 32A load connector, iNode	PoA
7520A1013-X	SineWave Portable Module SC1-5Sx 1x5.0kW, CEE-form CEE-form 32A load connector, DMX In/Through	PoA
7520A1014	SineWave Portable Module SC2-2/5S 2x2.5/1x5.0kW, CEE-form CEE-form load 16A/32Aconnectors, iNode	PoA
7520A1002	SineWave Power Module PM2-2SF 2 x 2kW, CEE 16A CEE-form 32A load connector, DMX In/Through	PoA
7520A1004	SineWave Power Module PM2-5SF 2 x 5.0kW CEE-form CEE form 32A load connectors, iNode	PoA



Accessories

Part #	Description	List Price
7520K1001	SC Portable Dimmer Wall Mount Bracket Kit For SC1-5S - SC2-2S and SC2-2/5S	PoA

3 Phase - 230/240V

Part #	Description	List Price
Distributed Dimmer Bars		
7520A1008	SineWave Power Module PM3-5SF 3 x 5.0kW, CEE-form Female HAN 6HSB cable connector insert included in package CEE-form load connectors, iNode	PoA
7520A1003	SineWave Power Module PM4-2SF 4 x 2.5kW CEE-form load connectors, iNode	PoA
7520A1007	Sinewave Power Module PM6-2SF 6 x 2.5kW Female HAN 6HSB cable connector insert included in package CEE-form load connectors, iNode	PoA

7520A1010	SineWave Power Module PM6-2/5SF-CYC 6 x 2.5kW / 3 x 5.0kW Female HAN 6HSB cable connector insert included in package CEE-form load connectors, I-Node, 16A Relay, 16A Non-Dim. Any 2.5 kW pair of dimmers can be used as single 5 kW instead	PoA
7520A1011	SineWave Power Module PM6-2/5SF 6 x 2.5kW / 3 x 5.0kW, CEE-form load connectors, I-Node. Female HAN 6HSB cable connector insert included in package Any 2.5 kW pair of dimmers can be used as single 5 kW instead	PoA

Accessories

Part #	Description	List Price
7520K2001	Harting HAN K 4/0 80A Female Cable Connector (Spare)	PoA

Alex M / Alex MX

Alex M 2,5kW

Alex M 12x2,5 kW Portable Pack 19" 3U for rackmount

7280A1016	Alex M 12x2,5 kW, 13 A, Harting , CEE 32 A	€ 3.575,00
7280A1017	Alex M 12x2,5 kW, 13 A, Harting , CEE 63 A	€ 3.675,00
7280A1014	Alex M 12x2,5 kW, 13 A, Harting , CEE 32 A, RCD	€ 3.680,00
7280A1015	Alex M 12x2,5 kW, 13 A, Harting , CEE 63 A, RCD	€ 3.780,00
7280A1016-SOCA	Alex M 12x2.5kW, 13A, Socapex, CEE 32A	€ 3.700,00
7280A1017-SOCA	Alex M 12x2.5kW, 13A, Socapex, CEE 63A	€ 3.800,00
7280A1014-SOCA	Alex M 12x2.5kW, 13A, Socapex, CEE 32A, RCD	€ 3.800,00
7280A1015-SOCA	Alex M 12x2.5kW, 13A, Socapex, CEE 63A, RCD	€ 3.900,00

Alex Mx 12x2,5 kW Portable Pack 19" 3U for rackmount

7280A1020	Alex Mx 12x2,5 kW, 13 A, Harting , CEE 32 A	€ 4.220,00
7280A1021	Alex Mx 12x2,5 kW, 13 A, Harting , CEE 63 A	€ 4.320,00
7280A1018	Alex Mx 12x2,5 kW, 13 A, Harting , CEE 32 A, RCD	€ 4.340,00
7280A1019	Alex Mx 12x2,5 kW, 13 A, Harting , CEE 63 A, RCD	€ 4.440,00
7280A1020-SOCA	Alex Mx 12x2.5kW, 13A, Socapex, CEE 32A	€ 4.320,00
7280A1021-SOCA	Alex Mx 12x2.5kW, 13A, Socapex, CEE 63A	€ 4.420,00
7280A1018-SOCA	Alex Mx 12x2.5kW, 13A, Socapex, CEE 32A, RCD	€ 4.420,00
7280A1019-SOCA	Alex Mx 12x2.5kW, 13A, Socapex, CEE 63A, RCD	€ 4.520,00

Alex M 5kW

Alex M 6x5 kW Portable Pack 19" 3U for rackmount

7280A1023	Alex M 6x5 kW, 25 A, Harting , CEE 63 A	€ 3.500,00
7280A1022	Alex M 6x5 kW, 25 A, Harting , CEE 63 A, RCD	€ 3.600,00

Alex M Touring Racks

7281A1002	24x2,5 kW 13 A, Harting, incl. 63A Power Supply with RCD per pack	€ 9.500,00
*****	12x5 kW 25 A, Harting , incl. 125A Power Supply with RCD per pack	€ 9.200,00

Accessories

PSR1017	Flightcase for single pack, 3U	€ 350,00
PSR1015	Flightcase for two packs, 12U (inkl. air flow blanking plates)	€ 980,00
7280B2004	Power Supply 125 A with RCD per pack - CEE 125 A / 2x63 A	€ 1.892,00
7280B2007	Power Supply 63 A with RCD per pack - CEE 63 A / 2x32 A	€ 1.200,00
W6263	Power Cable 1.5m with CEE 32A connector for pack (mounted)	PoA
W6263	Power Cable 1.5m with CEE 63A connector for pack (mounted)	PoA

Changes Since 2013.03

Below please find an accumulated list of notable changes to the price list since the previous release. Reference the appropriate section for details of each item including sales and pricing information. Price changes and new part number additions/changes are indicated in blue text throughout the price list. New products are indicated with a "NEW" label.

Smart Solutions

- SmartPack Wall Mount 12 x 2.3kW now available in ThruPower Relay version by request.

ETC Control

- Ion Control: Part numbers has been corrected for Ion control desks and RPU 2,560 and 3,072 output versions.
- Remote Units: cRRFU Radio Remote Control for Congo family consoles has been obsoleted.
- Congo Kid: 500 Channel control desk has been added with own part number for convenience.
- New! PC Congo - control up to 2048 Outputs from your Windows 7 PC.
- Wireless DMX: Descriptions and pricing for Show DMX Vero devices has been corrected.

Luminaires

- New! Source Four LED CYC - Asymmetric Lens Tube for use with Source Four LED only.
- New! Selador Desire D40XTI - IP66 rated fixtures for indoor and outdoor permanent install.
- New! Gadget: USB - XLR5 Converter for configuration and sofware upload to Desire D40XTI, other Desire fixtures and Source Four LED.
- New! Selador Desire D22 - New family member in portable, canopy and track mount version.
- Desire: Extra wide lenses for Desire D40 and D60 luminaires has new part number and price.
- Selador Classic Pearl: Important note has been added to the section.
- Source Four Mini: Spare MR16 lamp 12V 50W has been added to accessories.
- Source Four XT Zoom: Heavy Duty yoke part number has been corrected.
- Source Four HID Zoom: Part number for Colour Frame has been corrected.

Dimming and Power Control

- ES1 CE Dimmer Kit: Part numbers has been corrected
- Sensor3 Accessories: Part numbers has been corrected for Document Holder, Sound Suppression Hoods and Pedestal
